WELCOME

Dear Valued Partner,

I am excited to welcome you to Windsor for this year's Cutera University Clinical Forum (CUCF). With a long-standing reputation as one of the industry's leading educational events dedicated to energy-based devices, CUCF is exclusively designed to provide key insights to help elevate the clinical and commercial results achievable using your Cutera technology.

Here in Windsor, you can expect a creative and newly energised program as we push the boundaries of clinical knowledge, taking a deep dive into challenging cases and focused solutions for better patient outcomes. We have also incorporated your feedback with advanced business sessions to help strengthen the growth and profitability of your practice. Each thought-provoking discussion is designed to spark inspiration and strategically navigate you through everyday challenges and opportunities.

This year's program will come to life through the engagement of all of us in attendance. We are grateful for the leadership of our remarkable faculty and our CUCF 2025 moderators, Dr. Tatiana and Dr. Rishi Mandavia. I am also pleased to welcome our featured speaker, Dr. Ryan De Cruz, an internationally recognised dermatologist from Australia.

We encourage you to bring your curiosity and enthusiasm as you interact with our experts and exchange learnings with your fellow colleagues.

Thank you for joining us, and we look forward to connecting, celebrating, and learning alongside you.

Sincerely,

Yours sincerely,

Sam Keene

Regional Director, UK & Ireland
